SUPPLEMENTAL SHEET.

SERIAL NO. 6419APPLICATION FOR PERMISSION TO CHANGE THE PLACE OF USE OF
THE WATERS OF THE STATE OF NEVADA.

-----ooOoo-----

Date of first receipt and filing in State Engineer's office MAR 9 1921
 Returned to Applicant for correction _____
 Corrected Application filed _____

-----ooOec-----

The undersigned, George Baldwin, whose Post Office Address is Moapa, Nevada, hereby makes application for permission to change the place of use of waters heretofore appropriated and beneficially used as hereinafter shown:

1. The source of water supply proposed to be changed is the Muddy River, located in Clark County, Nevada.
2. The quantity of water desired to be changed is two-tenths (.2) of a cubic foot per second.
3. The water is to be used for irrigation.
4. The water is to be diverted from its source at the following points: From what is known as Big Spring situate in the S.E. corner of the S.E. $\frac{1}{4}$ of the N.W. $\frac{1}{4}$ of the N.E. $\frac{1}{4}$ of Sec. 16, Township 14 South, Range 65 East M.D.B. & M.; Jones Spring situate in the S.W. $\frac{1}{4}$ of the N.E. $\frac{1}{4}$ of Sec. 16, said township and range; High Spring situate in the N.E. $\frac{1}{4}$ of the N.E. $\frac{1}{4}$ of Sec. 21 said township and range, and Rock Cabin Spring situate in the S.E. $\frac{1}{4}$ of the N.W. $\frac{1}{4}$ of Sec. 15, said township and range, the same being the main sources of said Muddy River.
5. The existing points of diversion under the former appropriation are the identical points of diversion of what is known as the George A. Davis and the Dry Ditch.
6. The water herewith desired to be changed has been beneficially and continuously used on the following described lands: The S.E. $\frac{1}{4}$ of the S.W. $\frac{1}{4}$ and the S.W. $\frac{1}{4}$ of the S.E. $\frac{1}{4}$ of Sec. 25, and Lots 2 and 3 of the N.E. $\frac{1}{2}$ of Sec. 36, all in Township 14 south, Range 65 E. M.D.B. & M. This being the same land as is described in the Judgment and Decree in the action entitled: "In the Tenth Judicial District Court of the State of Nevada, in and for the County of Clark, wherein The Muddy Valley Irrigation Co. et al are plaintiffs vs. Moapa & Salt Lake Produce Co. et al, defendants, and in the Matter of the Determination of the Relative Rights in and to the Waters of the Muddy River and its Tributaries in Clark County, State of Nevada", a certified copy of which Judgment and Decree is on file in the office of the State Engineer of the State of Nevada and is hereby referred to.
7. The number of acres heretofore irrigated is 16 but it is the intention of the applicant, ^{herein} to change the place of use for 14 acres only and to leave sufficient water at the old place of use to irrigate 2 acres only.
8. The number of acres proposed to be irrigated is 14.
9. The description of the land proposed to be irrigated is as follows: the W. $\frac{1}{2}$ of the S.W. $\frac{1}{4}$ of Sec. 14, the S. $\frac{1}{2}$ and the S. $\frac{1}{2}$ of the N. $\frac{1}{2}$ of the N.W. $\frac{1}{4}$ and the S. $\frac{1}{2}$ of the N. $\frac{1}{2}$ of Sec. 15; the N.E. $\frac{1}{4}$ and the E. $\frac{1}{2}$ of the S.E. $\frac{1}{4}$ (excepting and excluding from the above description the N.E. $\frac{1}{4}$ of the N.W. $\frac{1}{4}$ of the N.E. $\frac{1}{4}$), and the N.W. $\frac{1}{4}$ of the N.E. $\frac{1}{4}$ of the N.E. $\frac{1}{4}$ of Sec. 16, all in Township 14 S., Range 65 E. M.D.B. & M.
10. Description of proposed works: Water to be diverted by means of dams and flume at points of diversion on what is known as the Big Spring, Jones Spring, High Spring and Rock Cabin Spring Ditch to the land above described in paragraph nine (9) herein.
11. Estimated cost of proposed works, \$1000.00
12. Estimated time required to construct is: Construction work completed.
13. Irrigation for the summer season will commence May first and continue to October first of each year and irrigation for the winter season will commence October first and end May first of the following year.
14. The water has been used heretofore during each month of each year in the proportion of one (1) c.f.s. flow to 70 acres for the

summer season and one (1) c.f.s. flow to 100 acres for the winter season.

15. Under the Judgment and Decree, and, the Order of Determination described in paragraph 6 herein, this applicant was awarded 16/70 c.f.s. of the waters of the Muddy River and Tributaries for the land described in said paragraph 6 herein through what is known as The Geo. A. Davis and Dry Ditch, and said applicant desires to change the place of use of 14/70 c.f.s. of said water from the said place of original use to the land described in paragraph 9 herein, leaving the place of use of 2/70 c.f.s. of said waters unchanged. The said waters to be used after the allowance of this application in accordance with and subject to all of the conditions of the above described Judgment and Decree and Order of Determination.

.....
APPROVAL OF STATE ENGINEER.

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit, to change the point of diversion and place of use of a portion of the water, the right to which is granted to the applicant herein under the Muddy River Decree (including stipulations and orders of determination of the State engineer, etc., in connection therewith) dated March 12, 1920, emanating from the Tenth Judicial District Court, in the case of The Muddy Valley Irrigation Co., et al, plaintiffs, vs. Moapa & Salt Lake Produce Co., et al, defendants, is issued with the understanding that no other valid rights will be impaired thereby, and with the further understanding that no additional rights are granted herein. The state reserves the right at all times to regulate the use of the water under the change authorized by this permit, in accordance with the above entitled court decree, or any modification thereof. A substantial headgate and weir must be installed at or near the new point of diversion to facilitate the measurement and control of water.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.2 cubic foot per second for summer irrigation, the season extending from May 1st to October 1st and 0.14 cubic foot per second for winter irrigation, the season extending from October 1st to May 1st of the following year, in accordance with the above mentioned court decree. It is understood that this application does not change the point of diversion or place of use of water for 2 acres of land amounting to 0.0286 cubic foot per second for summer irrigation and 0.02 cubic foot per second for winter irrigation.

Actual construction work shall begin on or before July 22, 1924.

Proof of commencement of work shall be filed before August 22, 1924.

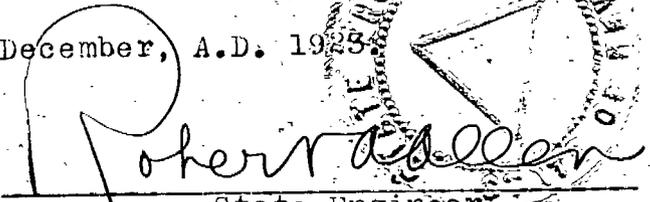

Compared H.M.P. R.S.A.

Work must be prosecuted with reasonable diligence and be completed on or before July 22, 1924.

Proof of completion of work shall be filed before August 22, 1924.

Application of water to beneficial use shall be made on or before November 22, 1925. Proof of the application of water to beneficial use must be filed with State Engineer on or before December 22, 1925.
